Subject: Re: GKM - R8/R9 RRT call tomorrow

Gina, if you want to try to take this off-line from the R8/R9 RRT call today I can try to ensure that we have the appropriate FWS R6 and R2 folks available for the discussion topics. Please let me know your thoughts on this and if you can tell me a bit more about the issue(s). Thanks very much for considering. j.

Hi All,

Wanted to let you know...during tomorrow's R8/R9 RRT call, Craig and others are going to raise some ESA issues that have come up on the GKM incident. If we run short on time, we can set a follow-up call. Thanks, Gina
